PROFESSIONAL SUMMARY

As an Air Force veteran with a fervor for filmmaking, I aim to leverage my discipline, leadership, and creativity to contribute meaningfully to the film and media industry. My goal is to gain hands-on experience across various facets of film production, from directing and cinematography to post-production and distribution. By merging my military commitment with my artistic pursuits, I aspire to create impactful visual narratives that resonate with audiences worldwide.

SKILLS

Adobe Premiere Pro – After Effects - Adobe Illustrator – Lightroom - Final Cut Pro – Python - SQL - Tableau - Git - Applied Statistics - Machine Learning - Natural Language Processing - Data Storytelling - Database Migration - Troubleshooting - Big Data - Workload Management - Power BI - Power Automate - Power Apps

EDUCATION

Bachelor of Arts, Film and Media Studies In Progress
University of Texas at San Antonio

Codeup, Data Science Nov 2022
Career Accelerator Program

Fully immersive, project-based 20-week career accelerator that provided 670+ hours of expert instruction in applied data science. Developed expertise across the full pipeline (planning, acquisition, preparation, exploration, modeling, storytelling), and become comfortable working with real, messy data to deliver actionable insights to diverse stakeholders.

Associate of Science, Management Engineering May 2017
Community College of The Air Force

WORK EXPERIENCE

ACTIVE SECRET SECURITY CLEARANCE

Data Analyst

Booz Allen Hamilton

Jun 2023 - Present

San Antonio, Texas

- Provide actionable law enforcement intelligence and analytics to the Department of the Army globally.
- Create reports that highlight significant trends, patterns, and anomalies that outline vulnerabilities and potential security incidents on various Army installations across the globe.
- Highly adept at collecting, cleaning, and transforming data into usable formats for analysis and visualizations within dashboards usable by stakeholders and analysts alike.
- Experience in applying machine learning algorithms to derive insights and make accurate predictions.

Manpower Analyst - Management Engineering PM

United States Air Force, USAF

Oct 2016 - Nov 2022

San Antonio, Texas

- Provide technical guidance, peer review and mentorship to junior analysts engaged in cross-functional studies.
- Design and create standardized documentation of tasks and operations utilized to inform both leadership and stakeholders alike of the manpower needed and necessary to accomplish a mission.
- Establish standard operating procedures (SOPs) and facilitate organizational process improvement initiatives Air Force wide.
- Consult and provide analytical guidance to Department of Defense (DoD) leadership on decisions that impact military personnel across multiple organizations of the DoD, utilizing data and application tools to model current state versus ideal capacity needs.
- Conduct gap analysis of 132k Air Force wide workforce positions valued at \$10.2B annually and drives towards strategic solutions for closing the identified gaps.

Manpower Analyst - Base Level Operations PM

United States Air Force, USAF

Aug 2015 - Oct 2016

Clovis, New Mexico

- Guided functional leadership teams in establishing, evaluating, and rebuilding organizational structure in alignment with mission critical goals.
- Oversaw high priority wartime endeavors in support of operations, training, and the execution of assignments.
- Acted as lead analyst, advising Mission Support Group leadership on the most efficient utilization of over 1500+ manpower resources, valued at over \$120M.
- Partnered across Air Force organizations advising and recommending better ways of streamlining processes in efforts to operate more effectively at the base level.

Security Forces Operations Specialist

United States Air Force, USAF

Sep 2013 - Aug 2015

San Antonio, Texas

- Planned, coordinated, and executed safety awareness community events, providing education to locales and base residents on how to maintain and protect the welfare of self and others.
- Established and maintained cross collaborative working relationships with non-military law enforcement agencies and emergency services.
- Appropriately managed, classified, and preserved private and secure resources and documentation, ensuring that mission essential information remained guarded from risk and exploitation.
- Trained and supervised personnel, providing guidance, mentorship and education on security and law enforcement order of operations.

Security Forces Field Specialist

United States Air Force, USAF

Mar 2010 – Sep 2013

Spangdahlem, Germany
